To the President of the Colo Vale Community Association,

On behalf of the Australian Air League, Southern Highlands Squadron, I would like to thank the Colo Vale Community Association for the use of its hall for the past 5 years for our end of year Presentation Night Dinner. Since we first moved our function to your facility in 2012, we have found it extremely hard to leave. The Committee people have made us feel very welcome and have willingly given of themselves to ensure that our Presentation Night Dinner is a success.

We have always found the facilities available to us to be maintained in first rate condition. The kitchen area is well set out and has made catering for the 90+ people who attend the night effortless and is easy to clean. The available tables and chairs are easily able to cope with the number in attendance in addition to providing high standard of comfort. At our 2016 Presentation Night we discovered that the toilet facilities had recently been refurbished to very high and modern standard. While we have not needed to make use of the stage area, the media equipment is first rate, a fact commented on by a Squadron Officer who has experience in this field. The small fee for the use of this equipment is certainly worth the out lay.

We would be pleased to once again make use of the hall on Saturday 2nd December 2017 for our Squadron Presentation Night. As in previous years we understand that this is your Community Market day and would be happy to work around the committee members. We would also like to invite yourself and partner, or a designated representative to attend our function.

Best Regards

Squadron Captain Brendan Willard, BA
Officer Commanding Squadron
Southern Highlands Squadron

Second in Command Wing – Wing Drill Officer – Wing Education Officer
Macarthur Wing
